

## **Pedestrian access to the new Cardiff International Swimming Pool**

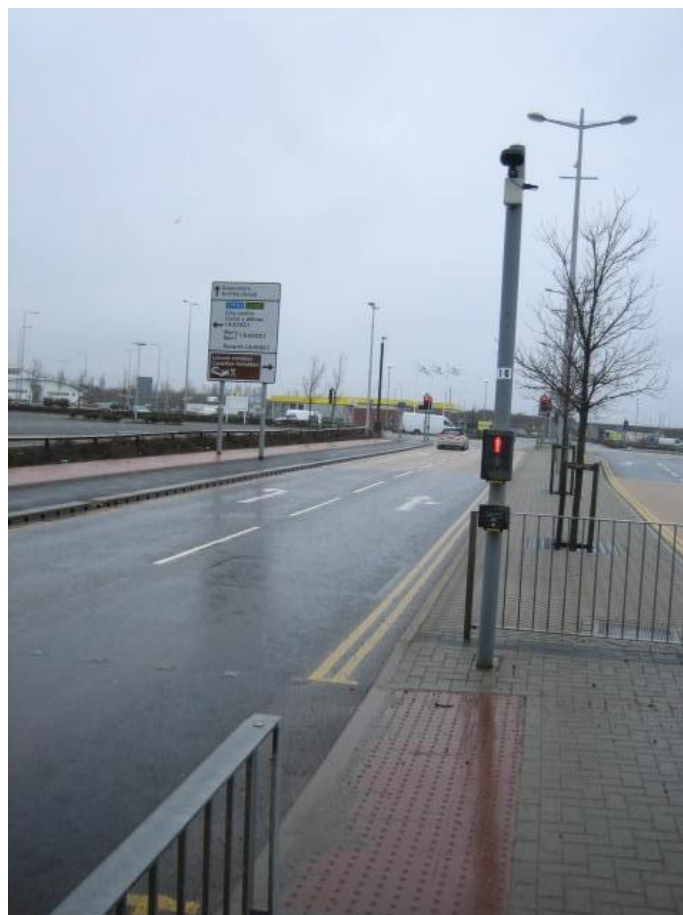

Access to the bus stop and main road:

Crossing where pedestrians are encouraged to face the traffic:

Crossing where pedestrians are encouraged to face away from the traffic:

Extensive use of barriers (installed recently), as currently being removed in London and other cities and pedestrian lights encourage pedestrians to face away from the traffic:

More barriers, more wrongly facing pedestrian lights, more lights on a four lane road with very little traffic!

Pelican Pedestrian crossing on a no-through road that accesses two car parks where a zebra crossing would be more appropriate:

Are all these lights appropriate for the level of traffic? How many cars appear in these photographs?

Crossing on main road (A4055):
